BAC SHOW: Inventory Record:

If you are bringing more than one item, please make a list of your entries with item numbers on the list, and a matching sticker on the bottom of the turning.

The BAC will have their own system, but it is important to keep your description and prices on the correct item. Your organization will make theirs easier. And, each piece will sell for the correct amount.

Here is an example of an inventory notation:

#1 'Chaos'
Vessel with voids
8" by 12" dia
\$78

May Meeting: The Pikes Peak Woodturners met as a committee of the whole to help each other with questions about finishing turnings and pricing them for the gallery show in July.

May Meeting Minutes:

President Larry Fox brought the meeting to order at 6:30 June 3, 2009.

Dave Geist died of an unfortunate accident at the Provo Woodturning Symposium. It was an injury to his head that they could not stop the bleeding because of blood thinners that he was on. We observed a moment of silence to honor his life. Dave was well liked and will be missed. We give

our deepest sympathies to his family.

The Pikes Peak Woodturning Club has become international. Larry announced that Norbert Zeplein of Uetersen, Germany has joined our club. His web-site is: www.norbert-zeplein.de <<http://www.norbert-zeplein.de>> His work is displayed there along with a lot of other information.

The American Woodturner's Association Symposium will be held in Albuquerque, NM on June 26-28 for all who are going.

Stuart Batty is going give a hands on demonstration

at Fred Campbell's place on July 18 from 9:00 to 5:00. The cost is \$10 for members, \$20 for nonmembers. Fred's address is: 5001 Thatcher, Pueblo, CO. Phone: 719 561-0031

The rest of the meeting was dedicated to help prepare the members for the up coming show with the BAC. The name of the show will be: "The Pikes Peak Woodturners Presents Art of the Woods.' The date to bring your work to the BAC is July 1st from 2:00 to 4:00. Your work should be labeled and priced, with a brief description of the wood type, material, style and any other pertinent information. A name for the piece is makes it much more attractive to prospective buyers.

August Treat:

Turning for the Cook with Nick Cook

Nick will be providing both the Club meeting Demo on Wednesday, August 5th, and an all-day teaching demo on Saturday, August 8th at the BAC.

The Saturday demo is \$20, and includes lunch. You will get hungry with all of these kitchen turnings.

More of Nick's work is pictured on his website, NickCookWoodturner.com, and in past issues of the AAW Journal.

Nick is equally at home in the woodshop and in the kitchen. The wine, however, is only used in the kitchen, and some of it even gets into the food!

JULY DEMO:

Scott Longberry will demonstrate the construction of the bowl with spacing beads under the rim.

He will also bring news from the AAW Symposium in Albuquerque.
