DECEMBER MEETING

Our December 2nd meeting will be at Scott Longberry's house (12470 Lazy E Rd.).

This will be our annual Pot Luck dinner. The meat and drinks will be provided. It will be your responsibility to bring sides.

PPWT NEW HOME

Our January meeting will be at our new location shown above. If you Google the address it is easy to find. We are switching days to the first Friday of the month from 5:30pm to 7:30pm. The January meeting will be on the 8th since the first Friday in January is the 1st. There are two main parking areas highlighted in yellow on the map. Please don't park in the area shown in red. You can also park on Cache La Poudre. If you want more information on how this move will impact you and our club, see the minutes posted on our web site.

Woodturning Classes by Larry Fox of Foxy Woodz

My beginners class can be up to 4 students on 4 different variable speed lathes: Powermatic 3520, Jet 1642, Nova 1624, Jet 1442. This is a one day class from 8 AM to 5 PM with lunch included. Each student will make two bowls: a round edged bowl and a natural edged bowl. The cost is \$150.00 and you will go home with two completed, finished and polished bowls.

My intermediate class is a inlay and outlay class. The prerequisite is that you already know how to turn a bowl. In this class you will again make two bowls: a round edge and a natural edge. The round edged bowl will be “outlaid” with turquoise around

the top edge and the natural edge will have an “inlaid” turquoise design. This is a one day class from 8 AM to 5 PM for a cost of \$165.00 including lunch.

You will go home with a completed, finished and polished outlaid bowl and an inlaid bowl.

Both of these classes are designed so that if you continue in woodturning, you have two bowls to compare your work to and if you don't ever turn again, then you have two finished pieces to admire for years to come.

I also do two specialty classes: coring and hollowing. In the coring class we use both the Kelton McNaughton and the OneWay coring systems. This is a 2 hour or so class at a cost of \$75.00. You will go home with 4 rough cored beetle-kill Ponderosa Pine bowls that are dried and ready for you to finish at home.

My hollowing class is 4 hours in length with a cost of \$100.00. Each person will hollow two vessels: a natural edged Ponderosa Pine and an Aspen vase. I have 4 different hollowing systems in addition to hand hollowing tools: Vermac, VicMarc, Monster and Trent Bosch including his TV monitor system.

If you are interested contact me at: larryfoxywoodz@gmail.com. I'm available for class 7 days a week.

Forgot your cash for the raffle? No cash for dues?

No Problem. Vic has a credit card reader for the club, so

We thought it would be nice to have a picture of our club members attending our last meeting at MAC.
